Everything you need to know to attend Science Fair

We encourage all students in kindergarten through grade 5 to join us for a day that promotes hands on learning in science and related fields of technology, engineering and mathematics.

Your Schedule	
Time	Event
9:00	Arrive at Gretna Green & Set-up
9:30	Project Display
11:00	Dismantle Projects
11:30	Closing Ceremonies

Elementary students get to proudly display their projects for other students, teachers, parents and community members.

All k-5 students will receive a participation certificate. Students who participate in Science Fair will be eager to return year after year to engage in all that Science Fair and STEM Expo's have to offer.

NB REGIONAL SCIENCE FAIR

Award recipients from each category and other high level projects at the District 16 Science Fair will be invited to attend the River Valley Regionals Science Fair on April 19th, 2012 at UNB Fredericton

This Science Fair will include projects from grades 6-12 from School Districts 2, 14, 15, 16, 17, and 18. For more information [click here](#). Please note that only projects that are District 16 Science Fair Committee approves will be able to attend.

CANADA WIDE SCIENCE FAIR

The 2012 edition of the Canada Wide Science Fair will be held in Charlottetown, Prince Edward Island.

This exciting science competition hosts hundreds of projects from across the country. Students advancing to this level of competition travel for one week to Charlottetown for what is an amazing, science related experience. The CWSF will be held during the week of May 12-19, 2012. For more information [follow this link](#).
