

April 6th, 2020

Dear Parents and Guardians,

I hope you are all doing well at this uncertain time. As we look to continue the learning of all our students, I will make available different materials, activities and assignments to help continue each students' education with regards to French Immersion Language Arts. There will certainly be challenges for all of us as we adjust to this method of instruction. I am hopeful that we can work together to help the students get the most of this experience.

What can be expected in the coming weeks? Students will have access to different types of online texts, videos, writing prompts and games. Most of this material will be online, some will be downloadable for ease of access, while some will require some listening to French programs / audios and of course plain writing on paper or typing, depending on what students have at their disposal.

I will make contact with each student in my homeroom this week to see how they are doing and what they're up to. I hope I do have everyone's up-to-date phone number. As we move forward together, I am sure there will be questions and adjustments. Parents and students may contact me via e-mail at **Christine.michaud@nbed.nb.ca** .

There are ways we can make this work. Let's see what we can do as we go forward together. We will adapt when needed and find solutions to glitches along the way. I wish you all the best and can't wait to get started on this newest adventure! Take care. Talk to you soon.

Sincerely,

Christine Michaud

French Immersion Teacher
