Greetings:

HELLO Students, Parents and Guardians! I will try to keep our weekly plans as simple as possible. Student work can be compiled in a scribbler, word document or loose leaf. That will become their Journal Français. All work should also be dated and titled in order to keep organized. Everything from worksheets to links to videos will be posted on my Teacher Page. Just click on tabs at the top of the page. Travail EN FRANÇAIS SVP! Let's make the best of the situation. Do what you can, and most importantly, smile!

Monday:

Reading:

- Choose and read one of the reading comprehensions.
- highlight 5-10 new words if possible.
- Use wordreference to make a French/English dictionary in Journal Français.

Tuesday:

Reading:

- Re-read the text from Monday.
- Answer questions on worksheet in your Journal Français, and/or
- Reflect on what you read. Make connections. Record in Journal.

Wednesday:

Listening:

- Watch the French video on my Teacher Page.
- Write down 5 facts in your Journal.
- Reflect on how this may affect you, your family, your community, your country.

Thursday:

writing:

- Choose one of the prompts in Journal document and write a short entry (10-15 sentences).

Friday:

- Choose one of the educational websites in the document named Friday Fun on my Teacher Page. A good opportunity to practice French vocabulary, watch episodes of French programs and play games, or
- You may catch up on this week's work.

Bonne fin de semaine mes bons élèves!

ça va bien aller!
