*"My son really enjoyed the March break camp and is looking forward to a summer one."
—Monica Kaye*

*"Nicolas learned so much more than basketball at the camp....continue the great work with the kids"
— Diane Richard*

Kay Arena is happy to host two weeks of basketball camps in their new facility. Local skill development coach and former NBA draft pick Will Njoku will serve as lead coordinator and instructor. He will be joined by other local coaches and special guest coaches.

Will is a popular Youth Motivational Speaker and Coach. He's a 10-year Canada National Team member and a 25-year veteran of youth basketball. He was recently inducted into the NS Sports Hall of Fame. He has experienced years of international professional basketball training with people like NBA Coaches Sam Mitchell, Mike Evans and Larry Brown.

Participants will learn to **Set their feet, Aim high, Follow through, Every day** as they learn and/or improve on all fundamental basketball skills. They will participate in lessons designed to explore the on-and-off court value of discipline, intensity, unity and fun. The camp will focus on proper stance, balance, hand eye coordination, footwork, shooting, and how to impress coaches with a winning attitude. All drills and competitions are designed to encourage fair-play. Participants will learn workout and practice routines they can do with or without a ball and with or without a basket. Six 'leadership' prizes will be awarded daily.
